### Political Economy Definition - investopedia.com

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word "okonomie". The earliest works of political economy are usually attributed to the British scholars Adam Smit

breaking work, now with a new introduction, Edward S. Herman and Noam Chomsky show that, contrary to the usual image of the news media as cantankerous, obstinate, and ubiquitous in their search for truth and defense of justice, in their actual practice they defend the economic, social, and political agendas of the privileged groups that dominate domestic society, the state, and the global order.

### Manufacturing Consent: The Political Economy of the Mass ...

new political economy is simply a not very insightful formalization of the obvious. Recent research has also been criticized as being too broad, seen as trying to cover everything, with widely differing degrees of success. Both the strengths and the weaknesses of the new political economy suggest the need for a more organized treatment.
